## WHERE CAN THIS TRAINEESHIP TAKE YOU?

Crane operator - Operating the machine and performing interesting lifts. Work as a team with the dogman

Rigger - On the ground making sure complex loads are stable and securely connected

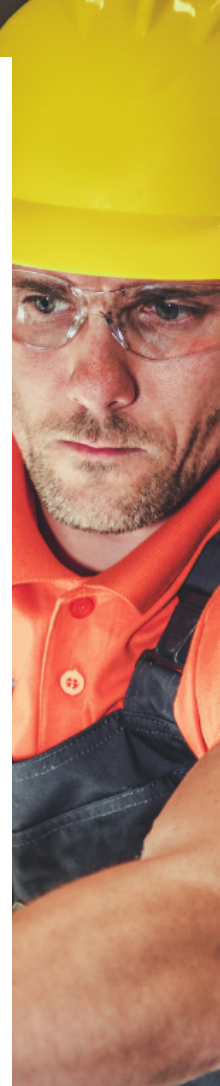

Dogger - Work as a team to safely lift the load in the right direction

Truck driver - Transports equipment to and from site

Once qualified and with experience, there are careers such as lift supervisor, crane manager, operations manager or crane company owner, to name a few. A traineeship is the starting point to a varied and interesting career.

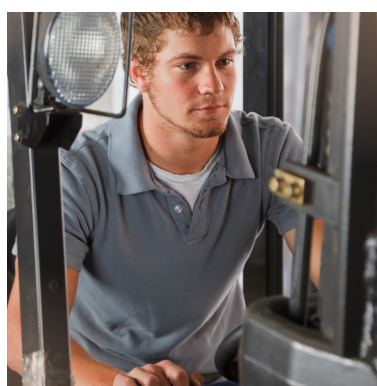

## THE SKY'S THE LIMIT WITH A CAREER IN THE CRANE INDUSTRY

### Why a traineeship?

High Risk Work Licences don't give you the necessary experience to safely operate the different types of cranes in varying environments.

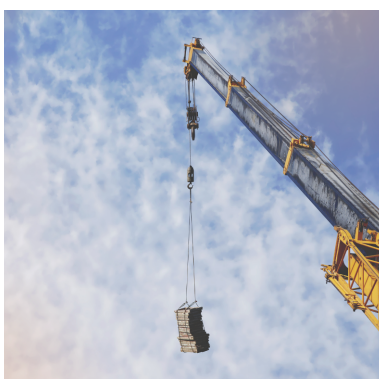

### How to start?

If you are currently employed within the crane industry, speak with your employer about enrolling. Otherwise head to [www.cica.com.au/trainees](http://www.cica.com.au/trainees) to register your interest.

### What you'll achieve

The exposure, experience and skill set you'll gain through the traineeship will ensure you are qualified and ready to safely embark on your crane career.
